Drumstick Control: A Realistic Approach to Snare Drum Technique Applied to Drumset (Mixed media product)

By Jeff Moore

Alfred Publishing Co., Inc., United States, 2009. Mixed media product. Book Condition: New. 297 x 224 mm. Language: English . Brand New Book. Drumstick Control is a snare drum technique method for the drumset player. The book introduces and explains the accented stroke types and combinations both popular and necessary for today s contemporary drummer. All the PAS International Drum Rudiments that contain accents are covered with logical drumset applications (time keeping, fills and solo ideas). This book is a comprehensive technical method organized in a realistic, step-by-step process that focuses on developing stick proficiency through an independent, hands-separate approach. The exercises included represent a thorough rudimental manual with practical drumset application, while providing the framework for hand development, endurance and speed training, as well as ideas for chop maintenance for life.
